Smithville Makes A Fine Donation

Doreas Chapter, O. E. S. And
Citizens Visit West Lincoln
Memorial Hospital And
Present Cheque For \$450.

Sunday was Smithville day at the West Lincoln Memorial Hospital when the members of the Smithville Chapter of the Eastern Star and their friends paid a visit to the Hospital at the conclusion of their financial drive for funds.

The drive was headed by Mrs. Hodgkins who presented a cheque for \$450.00, this together with tax-tiles and supplies valued at over \$500.00 and certain private donations known to exceed \$1,000.00 makes a very handsome contribution from the Smithville area.

Together with their friends from Winona, Grimsby and Beamsville, this delegation made a tour of the institution, and were both pleased and surprised to find the job about

"Toke" Fair Is Still Longing For Home

Might Make It By Christmas
But Is Doubtful — Is Prac-
ticing Hockey In Holland.

Leestwarden (Holland)
October 10th, 1945

Hello Bones:

Just a few lines to let you know that I am fine and hope you are the same.

I suppose you will by this time think that I am a pest.

It seems that when I drop you a few lines that I am either telling you I got a copy of your paper, or inquiring where the hell it has gone to. So here I am again inquiring on the score, about the Biggest Little Paper in the British Empire. It is some months since I last cast my peepers on the headlines and read "Not a Newspaper BUT a Community Service. So the next time you are rolling up one of those copies of Lincoln County's Leading Newspaper, think of me

County Roads Are In Good Shape

Park Road South, Leading To
New Hospital Will Be Grad-
ed And Ditch Tiled.

A new storehouse and garage for the Lincoln County roads department is being planned, and will be constructed at the Industrial Home, it was disclosed last week at the meeting of Lincoln County Council. The county has only one storehouse at the present time at Beamsville. The new building will be a centre from which work on the eastern end of the county may be done.

It is planned to build the garage on the site of an apple orchard at the southwest corner of the Industrial Home farm. Yesterday County Council sanctioned preliminary arrangements between

Returns Home

Lieut. V. C. Jackson, son of Prof. Vincent W. and Mrs. Jackson, Main street west. He enlisted in 1940 and was one of the young officers picked for training with the First Special Service Force, which was a unit composed of both Canadian and American soldiers and served in Alaska and the Aleutians. He went overseas in 1943 and served through the European campaign. He is married and has one little son.

HALLOWE'EN JAMBOREE

What is the little gaffer looking for? Spooks, Goblins, Witches, or the Parade of The Wooden Soldiers? Who can tell. Anyway next Wednesday night is Halloween night and that is the night that all mythical people in a kid's life are on parade. We understand, from what little information that could be gathered, that the usual Halloween parade will be held in Grimsby. It is to form up at the Grimsby Garage and proceed to the Arena (?) or maybe Trinity hall where the judging of costumes will be held. We hope the little fellow up above discovers something in that funny faced pumpkin.

Beamsville Women Have Fine Record

Ladies' Auxiliary Of West
Lincoln Memorial Hospital
Is Doing a Most Excellent
Job.

At the regular monthly meeting of the Beamsville branch of the Women's Auxiliary of the West Lincoln Memorial Hospital on Oct. 19th, the Maintenance Committee submitted the following list of articles already forwarded to the hospital from this branch.

This list is composed of cash donations, donations from members and the sewing done.

Cash, \$200.00.
Surgons' caps, 8; women's bandages, 12; T. bandages, 36; mattress covers, 12; white sheets, 91; white draw sheets, 2; ice collars, 12; babies' diapers, 45; 11"x11" squares, 48; pink baby blankets, 10; white bags (9"x9"), 24; white bags (7"x7"), 12; envelope bags, 5; baby night gowns, 13; draw

Children's Aid Expenses Rising

Society Discusses New Ways
Of Increasing Finances To
Meet Their Heavy Burden
Each Year.

The Quarterly Meeting of the Children's Aid Society of St. Catharines and Lincoln County was held on Tuesday evening at the Y.W.C.A. with Mr. R. K. Rose in the chair.

A brief address was given by Mr. W. H. Bury, Field Inspector of the Children's Aid Branch for the Province of Ontario. He spoke on the practical way a municipality can organize its welfare activities to eliminate the numerous Tag Days and Financial Appeals. This can be accomplished by a United Welfare Drive in which every agency participates, and only one approach is made each year to the industries.

6700 Enlistments In St. Catharines

About 2,500 Have Been Dis-
charged — Rehabilitation
Committee Has Great
Amount Of Work.

Approximately 6,700 men and women from St. Catharines served in the navy, army and air force in Great War II. Supervisor O. S. Boase informed the annual meeting of the Lincoln County Citizens' Committee held at the County Building last Wednesday night. He said that while this figure was not official it was as close as could be compiled from the committee's records. Of this enlistment estimate, it is now believed that about 2,500 have been discharged.

Mr. Boase's report showed that between September, 1944, and August, 1945, there were 2,532 interviews with servicemen and ex-servicemen, and 1,634 letters written

Salvage Workers Finish Their Job

Local Committee Turn Over
\$395 To West Lincoln Mem-
orial Hospital — Raised
\$3,844.

The Grimsby and North Grimsby United Salvage Effort closed its books this week by giving the balance on hand of \$395.50 to the West Lincoln Memorial Hospital.

The Salvage Effort which started in March 1941 has raised the sum of \$3,844.50 with expenses of \$409.42, with donations to various war Committees of \$2,708.78.

Electronics Are His Pet Hobby

Robert Potter In Charge Of
Repair And Servicing At
Grimsby Electric Shop —
Has Long Experience.

A much needed want is being filled in Grimsby by the opening in the Thomas block, Main west, of the new Grimsby Electrical Shop, by "Red" Clark.

Grimsby Electrical Shop has been appointed Westinghouse distributor for this district for all kinds of Westinghouse electrical appliances and it is expected that stocks of refrigerators, washing machines, radios, irons, toasters and other electrical gadgets will be ready for consumer supply by November first.

The store has been completely overhauled and a repair shop partitioned off. This repair and servicing shop will be in charge of Robert Potter of Beamsville, well known in this district as a high class electrical expert on all kinds of appliances.

(Continued on page 3)

Weight Limit On British Parcels

Five Pounds Is Limit For
Food And Gift Mailing —
Restrictions Still On In
Britain.

Postmaster L. A. Bromley informs The Independent that numerous enquiries have been received by the Post Office Department regarding the present weight limit of five pounds for gift and food parcels addressed to Great Britain. The public has protested this restriction as compared with the eleven pound limit allowed for the recently resumed parcel post service to the liberated countries, such as France, Belgium and the Netherlands.

The explanation is simply that the five pound limit on such parcels to Britain was imposed in order to conform to that country's own wartime import restrictions, which naturally are beyond the control of the Canadian Post Office Department. This limitation was imposed for carefully considered reasons and the Canadian authorities co-operate accordingly with the British authorities.

Regarding parcels for Britain Postmaster Bromley also pointed out that the present British im-

(Continued on page 3)

Corp. Glen Meldrum Pettit, son of Mrs. O. Meldrum Pettit, 15 Ontario Street, and the late O. M. Pettit, who arrived in Halifax on Sunday after more than three years' service overseas. He enlisted in 1941 and went across the pond in March, 1942. He landed on the Normandy beaches with the Canadian Corps of Signals and was all through France, Belgium, Holland and finished in Germany.

WANTED \$500,000

GIVE THEM THE
TOOLS OF PEACE

BY BUYING MORE
VICTORY BONDS

Give our returned men at least an even chance to re-establish themselves in civilian life. We gave them the tools of war and they finished the job... now give them the tools of peace.

Your money, loaned to the government in VICTORY BONDS, will be YOUR savings to buy for you the improved homes, stores, refrigerators, cars, etc., that you have been wishing for these many years.

BUY DOUBLE THIS TIME—the same rate of savings as in previous Victory Loans, will pay for twice as many bonds as before.

Victory Bond salesmen, under the guiding hand of Archie Alton, Chairman of the Grimsby and North Grimsby Victory Loan Committee, swung into action on Monday morning in their canvass for the Ninth Victory Loan drive.

Archie Alton, for the second successive time is at the head of the local board of strategy and his committee is composed of Mayor Harry Bull, honorary chairman, ex-Mayor E. S. Johnson, D. E. Anderson, E. J. Muir, A. W. Eickmeier, H. C. Woolverton, C. A. Farrell, H. B. Matchett and B. M. Graham.

Salesmen appointed are: Donald Beamer, Gordon Ketchum, R. J. Boehm, J. E. Eason, C. J. DeLaplante and N. S. Harris.

Grimsby's objective this loan is \$500,000, an increase of \$50,000 over the 8th loan of last spring, but that little rise in the ante should not worry either the committee, the salesmen or the citizens generally, as this loan is the last one for at least a year, if not for all time. There will not be another loan next April or May, therefore every citizen should be able to double their amount of purchase as they have a year within which to pay up their total amount, instead of six months as in the previous loans.

This loan is really a VICTORY Loan. The other loans were subscribed to in order that we might achieve victory. We have done so, now let us celebrate that VICTORY by over-subscribing this loan, in order that the boys coming home can be properly taken care of, particularly the sick and the wounded. They won us the victory, now let us see that they are not neglected.

Also, this loan will clean up a lot of items that are leftovers from the actual battle for victory. Those debts must be taken care of and the only way it can be done is by you and I doubling up on our 9th Victory Loan purchase.

We will again have this time a plaque which is symbolic of our responsibility to raise the money required in Lincoln County in the 9th Victory Loan.

It is a tangible evidence of our duty to complete the job and to keep faith with the returned men and those still overseas.

In the 8th Victory Loan the campaign district of Caistor, Gainsborough and South Grimsby obtained the highest percentage of their objective and have the honour of holding permanently the 8th Victory Loan Plaque.

They therefore will have the honour of holding the 9th Victory Loan Plaque for the first five days of this campaign. If on Friday night next Caistor, Gainsborough and South Grimsby have then obtained the highest percentage of their objective they will have the honour of holding the plaque for the next four days; if not the canvassing district obtaining the highest percentage of their objective will hold the plaque.

This will be continued until the end of the loan when the district which has the highest percentage of their objective will again have the honour of holding permanently the 9th Victory Loan Plaque.

First two days sales of this campaign have not been as good as they should have been. On Monday the salesmen tallied \$33,200 as against \$42,000 in the last loan. On Tuesday sales were only \$18,050 as compared to \$32,600 last loan. While the drop is considerable yet Mr. Alton does not take it too seriously as he knows of certain conditions that caused the drop and which will be overcome before the drive is completed.

Cannot Enforce Building Bylaw

Nothing To Stop Township
Residents Erecting New
Structures — Will Have
Document Approved By
Municipal Board.

Township council held a special meeting on Thursday night to again discuss the application for a building permit for a new brickyard east of the Park Road, with residents from that section.

Only a portion of the residents that attended the regular meeting on the previous Saturday attended. Council stated that they had received a preliminary report on oil burning apparatus such as Niagara Brick and Tile Co. will install to burn their brick, tile, etc., and the report had been favorable as regards any damage that might accrue from smoke and fumes. Further investigation is being made.

Reeve Durham informed the residents, that as the situation stood, there was nothing in the world to stop the company from going ahead and building, if they so desired. He stated that there was absolutely no doubt that the township building bylaw could not be enforced. This bylaw was passed by council in March of 1942 but had never been submitted to the Ontario Municipal Board for approval and ratification and therefore was not a legal bylaw and could not be enforced in any case.

Copies of the bylaw are now being printed and a copy will be mailed to each and every ratee.

Planing Mill Safe Cracked

Thieves Got About \$125. For
Their Efforts—Fifth Time
In Recent Years Place
Visited.

The district crime wave centred on Grimsby Friday night when safecrackers pried the bottom out of a 2,000-pound safe in the office of the Peninsula Lumber and Supply, Limited, at the C.N.R. tracks, and obtained cash amounting to about \$125.

This, according to R. B. Johnson, manager of the company, is the second time this year and the fifth time in recent years that their office has been broken into. "Earlier this year," he said, "they did a lot of damage to the door of the safe in an unsuccessful attempt to get into it. This time they didn't miss. They overturned the safe, weighing at least a ton, and with the aid of bars succeeded in opening the safe.

Previous experiences had taught them not to leave much cash in the

MORE RED TAPE

Three German Prisoners of war at
Lethbridge have been remanded for hearing
on the charge of murdering a fellow prisoner
of war.

The despatch states that further remands
are expected, "in view of the requirements
of the Geneva Convention covering
prisoners of war, which involves notification
of the German government of details of the
alleged offense."

Who, what and where, is any German
government at the present time? There is
no such entity. There is no neutral Embassy
anywhere representing any such thing as a
German government.

Lethbridge provides another example of
snarling legal red tape.

LET'S MAKE SURE OF THE ROOF

After the best architect has produced
plans for a beautiful home, the most skillful
contractor does not neglect the full beauty
of those plans until he has completed the roof
and has finished the inside trim.

Capable planners designed a secure financial
house to shelter Canadian people during
war time. It was built by the Canadian
people with eight Victory Loans. Although
lacking many conveniences, it compared favorably
with shabby war time financial structures
of many other nations.

The Ninth Victory Loan may well be
viewed as the roof and inside trim, the finishing
touches on a financial structure which
will transform the house to provide comfortable
living for the vast majority of Canadians
in years following the war.

A successful Ninth Victory Loan will
provide the means by which the country can
help sailors, soldiers and airmen to resettle
in civilian life with minimum discomfort and
to do her share in the great world task of
creating order out of disorder and of hastening
a resumption of international trade so
necessary for continued prosperity in this
Canada of ours.

Having done such an excellent job on
the foundation and the walls of this Canadian
financial house, let us make sure that
the architect's plans for the roof are carried
out equally well. They will be if each individual
citizen buys Ninth Victory Loan Bonds as
enthusiastically as he bought in the previous
eight campaigns.

LOVE VERSUS INDULGENCE

"Love is difficult; indulgence is easy,"
says A. W. Wilson in an article in a recent
issue of the British Weekly. Mr. Wilson was
dealing with the love of parents toward their
children, with special reference to their upbringing
and the development of character. He says that "love calls for the ability
to stand aside; to be just; to be unselfish and to
be wise at all times." Indulgence, on the
other hand, says Mr. Wilson, yields to the
wishes of the child regardless of future
trouble.

Indulgence of the persistent desires and
whims of children, for the sake of peace or
fear of hurting the child's feelings, it is not true
love. Love is long-sighted. The world outside
of the home has no mercy on a spoiled child
or a "sissy," and children should be trained
and prepared to face the hardness and buffetings
of life. The home should be the nursery
of character. Mental pampering and
physical coddling tend to weaken both mind
and body, and result in a poor quality of
character which cannot stand up to life's unpleasant
situations and expects the same indulgence
from the world.

"Mothers and fathers each have different
things to watch in their treatment of
children," says Mr. Wilson. "Mother may
easily be wheedled and give way for the sake
of peace. She may coddle away an important
issue which the child should have been allowed
to face and surmount. It is not wise to let
children learn that events do not have results.
A child that grows up arguing to himself
that whatever he does somebody will

make it all right, will have that attitude all
his life. It means shirking the acceptance of
responsibility for cause and effect, and there
are many adults who do that. . . . An indulgent
father makes a child who expects preferential
treatment throughout life, even from God, who is Love, but not indulgence.
Honest, clear thinking is needed to discriminate
between love and indulgence."

And all this applies equally to society
in general. Social planning may be used in
mitigating the extreme hardships of life for
those unable to bear them, and we can by
forethought, based upon past experience, offset
or be prepared to adequately provide for periods
of depression. But we must beware of political
paternalism, lest it become a form of social
indulgence which weakens the will and character
of the individual, and in the end will produce
a nation of social sissies.

THE STAFF OF LIFE

Men love to hark back to the good old
days when they were young. Though it is
doubtful that those days were any better
than the present, they seem so because a
merciful lapse of memory blots out the recollection
of unhappy things. Thus sorrow is not cumulative,
and life remains tolerable.

It is not to be denied, however, that
there were valuable aspects of those good old
days which have gone forever. Some experiences
people enjoyed then most of the present
generation have not had. They do not miss them,
of course, but their indifference does not deny the loss.

There is homemade bread, for instance.
How few of the boys of this generation know
the thrills of baking day, and have watched
the immemorial processes of breadmaking!

Bread-baking day in the old home had
the elaborate qualities of a ceremonial. There
was something deeply significant in the preparation
of the yeast, and in the mixing of the flour
with the other ingredients. It was as if there
were in every one a subconscious realization
that the age-old act of breadmaking was part
of the sacred foundation of the family itself,
going back to the earliest springs of the human
race. It was a joyous occasion, but somehow solemn, too.

The long labor of kneading, the great
mass of smooth and fragrant dough, the silent,
overnight mystery of the rising, hidden under
masses of quilts, to keep the dough warm,
led in dramatic steps to the climax of the
baking itself.

Then came the exciting moment when
the golden loaves were drawn from the oven!
There is no better symbol of the proud craft
of baking than a fine batch of bread. They
were a feast for the senses—lovely to look at,
a delight to smell, and a sensation to the taste.
Words do not exist which can perfectly describe
a new loaf of homemade bread. Only personal
experience can do it. It is that experience
which was so common in the good old days,
and so rare now.

Of course, machine-made bread saves
labor, and it is wonderfully consistent in
quality and taste. One cannot blame the modern
housewife for accepting its convenience. Nevertheless,
one may lament the passing of a family art
of high importance. It was more than the mere
provision of food. It was one of the many
spiritual links which bound a mother to her family.

Bread stands for more than any other
material thing in the life of man. It is the
symbol of hospitality. It is the consummation
of the harvest, and all the year-long labor of
the farm. It is the primary intent of the worker.
Millions see in it the holiest symbol of sacrifice.
"Here is bread, which strengthens the heart
of man; therefore it is called the staff of life."

SIMPLE TRUTHS FOR LABOR UNIONS

(Tweed News)

Maurice R. Frank, National Business
Agent of the Railroad Yardmasters Union of
North America, has been telling some plain
truths about business to his fellow business
agents and labor leaders. He states that too
few of them have any idea how business is
operated and for what it actually is operated.
"The main reason for operation is to produce
a commodity or a service for PROFIT," he
says. "The profit motive does not necessarily
mean that all employers are void of humanitarian
instincts. Many able employers daily are
demonstrating that they are interested in the
welfare of the workers and the general public,
but in order to exercise civic humanism,
a businessman must have what it takes, and
that is money. There is only one place he can
secure this and that is from profitable operation
of his business. The Union business agent
who does not recognize this fact is heading
his constituency for chaos."

Mr. Frank says that no sane person is
going to invest money in any enterprise where
there is no reasonable chance of a profit. "If
you doubt this statement," he continues, "just
examine the present investments of some of our
labor unions. You will find that the wise heads
of these unions have invested the union funds,
or a great portion of them, in enterprises that
assure profit. To assure profit, unions, the
partners of industry, should at all times operate
in line with good acumen, based on equity to all
parties affected. You cannot take incentive and
profit out of business and still have business.

You cannot preach hate and expect anything
but hateful conditions."

Mr. Frank concludes: "We must not lose
sight of the fact that what hurts business,
hurts labor, and vice versa. We can well remember,
too, that what hurts the customer and the
general public, eventually reflects itself upon
the partners of industry. These simple facts
should be explained to those who do not understand
them by those who have learned what it is that
makes business 'tick' in the United States. I know
of no one in a better position to explain these
truths to labor union members than the union
business agents, because that distinctly is part
of the BUSINESS OF THE BUSINESS AGENT." (The
capitals are Mr. Frank's).

'WAY BACK WHEN

Frank Fairborn, Jr.

WHO KNOWS?

Hamilton, Oct. 22, 1945

Mr. Orlon Livingston,
Sir:

In Andy Clark's broadcast last week he quoted
a farmer at Orangeville as having an eighteen year
old hen, that was still laying—lets hope this hen-
fruit-producer will not be marketed as a pullet, on
our market here, such as the supposed capon was
recently, which a lady bought and found, "it was
what it wasn't." Now who knows?

What years did "Cy" and "Harm" Slinger operate
a barber shop on Main street, and where?

What year was the H.G. & B. tracks laid on
Main street, through the village, when the line was
extended from Main and Pulton streets, and the bank
of the "old Forty" was piled to protect the right-of-
way just west of the old wooden bridge that was
replaced by the present concrete one?

What is a palet and who was McCulloch? What
line or professional business was he engaged in?
Where was his place located on Main street in the
village?

During the early hard days in the village, what
year did the late "Bliss" Tufford assume the leadership,
when the practices were held in the old frame
roller rink on Victoria Ave.?

Trusting these items will continue to revive,
with others following.

I remain,

Francis Hill

Plan ahead. Know today what you are
going to do tomorrow—and do it.

Edison's Order Office has a new coat of paint.

Nancy Ann Shop looks pretty smart with a new,
black bakelite front.

Henthote Electric Service is all dandified up
with a new coat of white paint, red trimmings.

Miss Onatichuk, Manageress of Stedman's store,
in her black and white checked trousers, decorating
the Halloween window.

Elm street bridge lights are all on. The dark
spots have been dispersed. The residents are truly
thankful to you Councilor Chivers.

Charlie Norman, Mr. Bell's right hand man,
crawling out of a hole in the wall after making a
lot of adjustments that keeps Bell Tel. service 100
per cent. How do the cobwebs taste, Charlie?

Horse lovers do not have to worry. The town
team is not on the market. Chairman of Board of
Works Howard Inglehart says that the beautiful
animals will be in Grimsby until Spring, at least.
Maybe a little longer. I wouldn't be surprised.

Try and get up the steps from the street to the
sidewalk, in front of the Post Office, any day
Monday through Friday, between four o'clock and 4.30,
for High School pupil bicycles. I guess Chief Turner
will have to use his perogative. The sooner the
better.

Don't worry when you stumble. Remember
a worm is about the only thing that can't
fall down.

Developing and Printing

Dayton and Mrs. Marsh, Quelp, spent Sunday the guests of the Jerry Carsons.

Mr. and Mrs. Craig of Toronto were visitors in town for a few brief hours on Thursday.

Mr. Charlie Murphy of Rochester, N. Y. spent a few days last week with his aunt, Mrs. Murphy, Mountain street.

Deputy-Reeve George W. and Mrs. Crittenden and Miss May Crittenden are visiting with relatives at Lansing, Mich.

Wren K. Pat. Farrell, (Mrs. Andrea) who has been on duty at H.M.C.S. Stadacona, Halifax, N.S. for the past three years is now out of the service, and is residing at Trenton.

I.O.D.E.

The Lincoln Loyalist Chapter I.O.D.E. extends a warm welcome home to all the returning servicemen and women.

At the same time, the Chapter is mindful of those still over there, and is preparing to send them Christmas boxes as usual. Will the next of kin of those who do not expect to get home for some time yet, please notify Mrs. L. A. Bromley of the correct address.

Mothers' Club

The first Fall meeting was held at the home of Mrs. E. Tomison, with a good attendance.

The meeting opened with devotion, followed by business session.

The Health Organisation was the most discussed question. A quilt will be started at the next gathering to be held at Mrs. H. Lambert's home, Elm St.

Meeting closed with mispab Benediction.

Hostesses were Mrs. J. Fisher, Mrs. Moberley and Mrs. A. Henley. A social hour followed.

MEN AND MISSIONS SERVICE AT BAPTIST CHURCH

On Sunday morning at the Baptist Church a "Men and Missions" service will be held. Three speakers will bring short messages on the theme "Men and Missions and the Crusade".

Mr. L. J. Pettit, R.E., will speak on the theme, "I Believe in Missions". Mr. Jack Morris, lately Sergeant Jack Morris of the R.C.A.F., who spent several years of service with the R.C.A.F. in India, and was privileged to visit Canadian Baptist Mission fields there, will speak on the subject, "I Have Seen the Need".

The Pastor will briefly touch on "The Part We Can Play."

There will be no evening service, the congregation joining with Trinity United Church on the occasion of their Anniversary Services.

A good-looking usually commands many long looks.

St. John's Presbyterian Church

Francis McAvoy, B.A., B.Th. Minister.

SUNDAY, OCTOBER 28th

11 a.m.—"A Spiritual Upheaval."

2.30 p.m.—Sunday School.

7.00 p.m.—"He Came, Why?"

Women's Institute

Box 57, Yarker, Ont.
October 16, 1945

Mrs. L. E. Larsen, Grimsby, Ontario.
Dear Mrs. Larsen:

Being a former Grimsby girl, and a Women's Institute member, I naturally read with interest the meetings of your Branch of the Institute in the Independent. Last week's issue had a particularly interesting item, that is, those "Gallopings Breakfasts." I wish you would explain just how they are done, as our Institute is in need of funds, and that means of raising money (Painlessly if possible) sounds like something perhaps we could use.

We are a rather small Institute, at the end of the year possibly 30 members. Of this number, we have about 10 really active members. Each year of the war, we have raised an average of over \$300.00. This money has been spent largely to send boxes to our some 25 boys and girls in the services. The members of our Institute are from 2 small villages and surrounding district.

For myself, I was formerly Vera Anderson. My parents lived on the Ridge Road near the top of the Woolverton Mt. I do not remember your husband, but I went to G.H.S. with Billy Larsen. I think Billy took lessons (piano) from P. M. Howard. (I did too).

I married and left there some 23 years ago, but Grimsby is still home, and a very dear spot to me. I have been 1st Vice-President for three years. We have an exceptionally good President and I hope she keeps the chair for another three years.

I am enclosing a self-addressed envelope, and would you kindly explain these "Gallopings Breakfasts."

Thanking you in advance, I remain,

Yours truly,

(Signed) Vera Martin

P.S. In case you can't find Yarker on the map. Few people can here is a map, perhaps you can find it on. It is between Napanee and Kinston, six miles north of No. 2 Highway.

Farewell Party

A surprise party was held last Friday evening in the Bell Telephone Rest Rooms by the staff, in honour of Mrs. Norman Johnson, Chief Operator, who is leaving Grimsby to join her husband in New Toronto.

The evening was spent playing games, after which Mr. Drew, from District Office Hamilton, presented Mrs. Johnson with a Table lamp from the staff, wishing her every happiness in her new home, and assuring her that with this remembrance went the best wishes and congratulations of all present, with sincere regrets at her departure.

In replying Mrs. Johnson paid tribute to her staff and thanked them for the very co-operative spirit in which they had worked with her, and also asked the staff to give the same loyalty and support to Miss Pettit, the new Chief Operator, who is coming here from Ridgeville.

The evening was brought to a close by the serving of dainty refreshments by the staff.

On Saturday evening, October 13th, Mr. and Mrs. Charles Norman held a surprise party in honour of Mr. and Mrs. Norman Johnson, who are leaving to take up residence in New Toronto.

The evening was spent in games and sing-song. After a sumptuous lunch, the departing couple were presented with an electric hot plate and the best wishes of all present.

Brownies

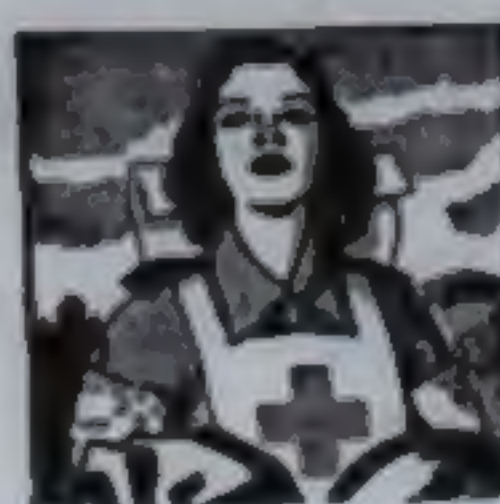

Following the singing of the Brownie Song and Fairy Ring, Ceremony would be held on Tuesday, October 30, 1945 at 7.15 p.m., in the Auditorium of the High School and parents would be welcome. On this night the Brownies who are ten years of age are taken into Guides and different ceremonies are performed according to the badges they have won.

21 Service Stars were presented by Brown Owl and the Brownies then departed to their sizes for roll call and collection of Fairy Gold. All the Brownies enjoyed a new game introduced by Sister Dorothy Game and Recorder Ellen York.

The Brownies were given some instruction on the closing ceremony by the Brownies and the meeting was closed with God Save the King and Taps.

In the old days life was simple. A fellow didn't have to worry about the future due to the inventing of an atomic bomb.

Grimsby Red Cross

The Grimsby and District Red Cross held their monthly meeting on Tuesday in the Red Cross rooms, Mrs. R. N. Wolfenden presiding.

The meeting opened with prayer.

Mrs. Boden read a letter from Mrs. Lane Knight, Chairman of the Ontario Division Women's War Work Committee stating the urgent call for large shipments of hospital linen for China and the heart-breaking appeals for clothing for children of the devastated countries. In the misplaced personnel group alone, there are some 500,000 very young children, who do not even know their names, or to what country they belong. Sending raw material would not help them—but warm clothes made by us, will.

It is urged that all women who so valiantly worked during the six years of war, now work another six months in gratitude for the PEACE.

There is an emergency call for 6000 sheets, 5000 pillow cases and 5000 towels. Sheets are desperately necessary.

The Secretary read a letter from Mr. Stafford Roberts, Commissioner Ontario Division Canadian Red Cross stating that the Overseas office has been endeavouring to re-establish postal and telegraphic communications between Switzerland and Austria and through the good offices of the British Red Cross it is now possible to once again accept enquiries on behalf of German and Austrian nationals in this country regarding the welfare of their relatives in Germany and Austria.

WOMEN URGED TO CONTINUE IN RED CROSS WORKROOMS

An urgent call for hospital supplies for China has reached Ontario Division War Work headquarters. states Mrs. Lane Knight, chairman. "We have had an immediate call for 6000 sheets, 3,500 pillow cases, and 5,000 towels. These articles are needed at once, and sheets are desperately necessary."

"The need for women in Red Cross workrooms is as great now as at any time during the war. We have the materials in our warehouse—we have the sewing rooms set up. There is no thought of asking women to sew just to keep a Red Cross Group together. But all over Europe little children are suffering and they need war clothing if they are to survive this winter. They can only get it if Red Cross women stick with the job and make clothes—coats, dresses, stockings and underwear for the child victims of war. Red Cross women have carried on valiantly for six years; we urge them to continue, and to begin their peace time job by rallying to complete this emergency call at once."

After the meeting of Central Council and the National Women's War Work Committee late in October, regional women's war work chairman will announce the peace time policy and program for Ontario.

Rebekah Lodge

Alexina Rebekah Lodge held their regular meeting in the Masonic Hall Tuesday, October 23rd. Noble Grand Bertha Hummel presided. It was decided to hold a card party after the next meeting Tuesday, Nov. 13th at 8.30. Proceeds of this party will be for the West Lincoln Memorial Hospital. Lodge next meeting night will start at 7.30.

Inadvertently Sister Alice Gilmore's name was omitted from the published list of Chartered members of Alexina Lodge, who received certificates on the night of Installation Ceremonies.

A brass hat also talks sometimes through his hat.

Engagement

Mr. and Mrs. Charles Clarke wish to announce the engagement of their youngest daughter, Kathleen Anne, to Mr. James Price, son of Mr. and Mrs. E. J. Price, Grimsby. Wedding to take place Nov. 16th.

Card of Thanks

Mrs. George T. Hartwell and family wish to express their sincere thanks to their many friends and neighbours for their assistance and expressions of sympathy during their recent bereavement.

The G.H.S. Rugby team played Ridley College here on Friday afternoon for the first game of the season. The home team won with a score of 15 to 0. There was a good team play on the part of G.H.S. considering that our team had less than two weeks' practice. Ridley also played well but were guilty of a few fumbles. An outstanding feature of the game was a long pass thrown by Havelock Jewson to Douglas Cole who ran in a touchdown for Grimsby. G.H.S. will play a return game at Ridley on Friday, October 26th.

The Board of Education has invested in some much needed protective equipment for the rugby team—rugby helmets and shoulder pads.

A supplement for noon lunches is being provided in the form of hot soup and cocoa by the Department of Education under a grant from the Department of Agriculture, by the Board of Education. This service will continue through the winter months.

The school timetable has been arranged so that the students may listen to a radio broadcast sponsored by the Department of Education every Tuesday from 10 o'clock to 10.30. During October the programmes are on Guidance, directed by the honourable H. R. Beatty, Director of Guidance for the province of Ontario. The programme for October 9 was on "What Do I Want To Be?" and the one for

Oct. 16th was "How Can I Determine My Abilities?". Other broadcasts such as the English language, French, Mathematics, and Dramatics will be heard during the year.

The Executive have arranged a Halloween Dance this year to be held on Friday evening, October

26th from 8.30 on. Students are to come in costume to spend an evening of fun and dancing.

Irish Linen Hankies In Splashy Prints

FOR a dash of color to accent your fall costume, carry a splashy printed handkerchief or tuck one in the pocket of your jacket. These new designs are done in beautifully harmonized fashion colors and, best of all, they are printed on fine Irish linen! That means you will find them as pleasing to the touch as they are delightful to the eye.

Plastic Heels For Women's Shoes Soon

Canadian women will soon be wearing shoes with special plastic heels, according to shoe manufacturers and salesmen.

An American firm recently developed a process for covering the wooden heel cores of any type of women's shoes with a sort of a plastic coating.

These new heels are reported to wear indefinitely, far outlasting the life of the shoe itself. It is also claimed, after repeated tests under the most severe conditions, that the coating will neither wear off nor peel off, even despite hard wear and usage.

It is expected the new plastic heels will be manufactured in an unlimited range of colours in either a dull or shiny finish. The surface is not affected by changes in temperature or by mud, snow or ice.

Mainly For MILADY

Flaw

"My husband was very nice to me," complained a New York woman suing for divorce, "but I didn't like the way he treated his mother." . . . Just as well to terminate that marriage anyway. The relationship is unnatural. SHE was fond of her mother-in-law.

Dear Bought

In London, the surest sign that life is settling back into the happy little hum-drum of yesterday, are the ha'penny kisses. In British telegrams, the price is 4 X's for a penny, 2 for a ha'penny. During the war, kisses were forbidden in wires and cables. Now, for six-pence all England can *toujour l'amour* like all get out.

At a Glance

"The newest dangle-dangles for bracelets," reads New York fashion gossip, "include a large gold-plated coin to which you may attach a small jewelled emblem, descriptive of the way your family accumulated its fortune." . . . Like a length of platinum ticker tape, say? Or an emerald replica of granddaddy's signature? Or what about a pair of good, hard-working hands, small, jewelled, with ruby callouses.

Homespun

If the housewife is looking forward to an easy time of it with all her housework in the hands of one competent little postwar gadget, it's a pipe dream. There's a new spinning wheel in the corner. The invention of the electric reeling machine has made possible the production of real silk in America. Formerly Japan cornered the market on the cheap labor in the Far East. Now one U.S. girl, with because of the cheap labor in the Far East. Now one U.S. girl, with a 20-hobbin machine, can produce as much silk as 20 Japanese. Not only that, but the device makes possible, and practical, silk raising and spinning at home. The silk worm is a simple matter of a few mulberry leaves. They make excellent pets, being quiet, intelligent and industrious. . . . And that is all very nice. But we're suspicious, being a woman. Grandgranny probably felt the same way, when great-grandpa discovered he could raise his own socks from a pup. He just had to feed the sheep.

Honeymoon, long-term

Capt. John Borch, Danish master of a cargo passenger ship, and his bride, the former Helen Grant of Kalamazoo, Mich., looked forward to a three day wedding trip while they sailed from Copenhagen to Nanasee. Instead, their honeymoon lasted five years. Capt. Borch was entering a little fjord bidding a fond good-bye to his wife, when he would leave ashore while he voyaged to the Orient, when he caught a brief glimpse of one strange ship. One ship, and then he didn't know it then, but he was witnessing the nucleus of Norway's invasion. Just to be on the safe side, he smuggled into the fjord out of sight. He, his ship and his bride were marooned there five years. Mrs. Borch? Oh, she was happy. She planted a garden of window boxes on the bridge, grew carrots, onions, marigolds and sweet peas raised chickens, learned to cook, tamed a seagull named Hector.

The Village Banker says: YOUR NOTES ARE DUE PAY UP

It's a great and exhilarating feeling when you are able to borrow a gob of money, but when the financial tycoon steps down and says, PAY, PAY, PAY—That's when the bottom drops out of the bread basket.

Our fiscal year ended on September 30th—We have a lot of obligations to meet — We cannot borrow any money on our future prospects unless we pay up what we owe and balance our year.

"The Paper With A Punch"

What's In A Name

The Richmond Hill Liberal reports that a Mr. Bull recently married a Miss Cowhard.

PAID ADVERTISEMENT Lion of the Tribe of Judah!

You gave your life for each of us. But by your death, won glory! And still you are in reach of us. In all your heavenly glory. You leadeth us along God's way. Of righteousness so fair. Oh Son of God forever stay And hear our earnest prayer.

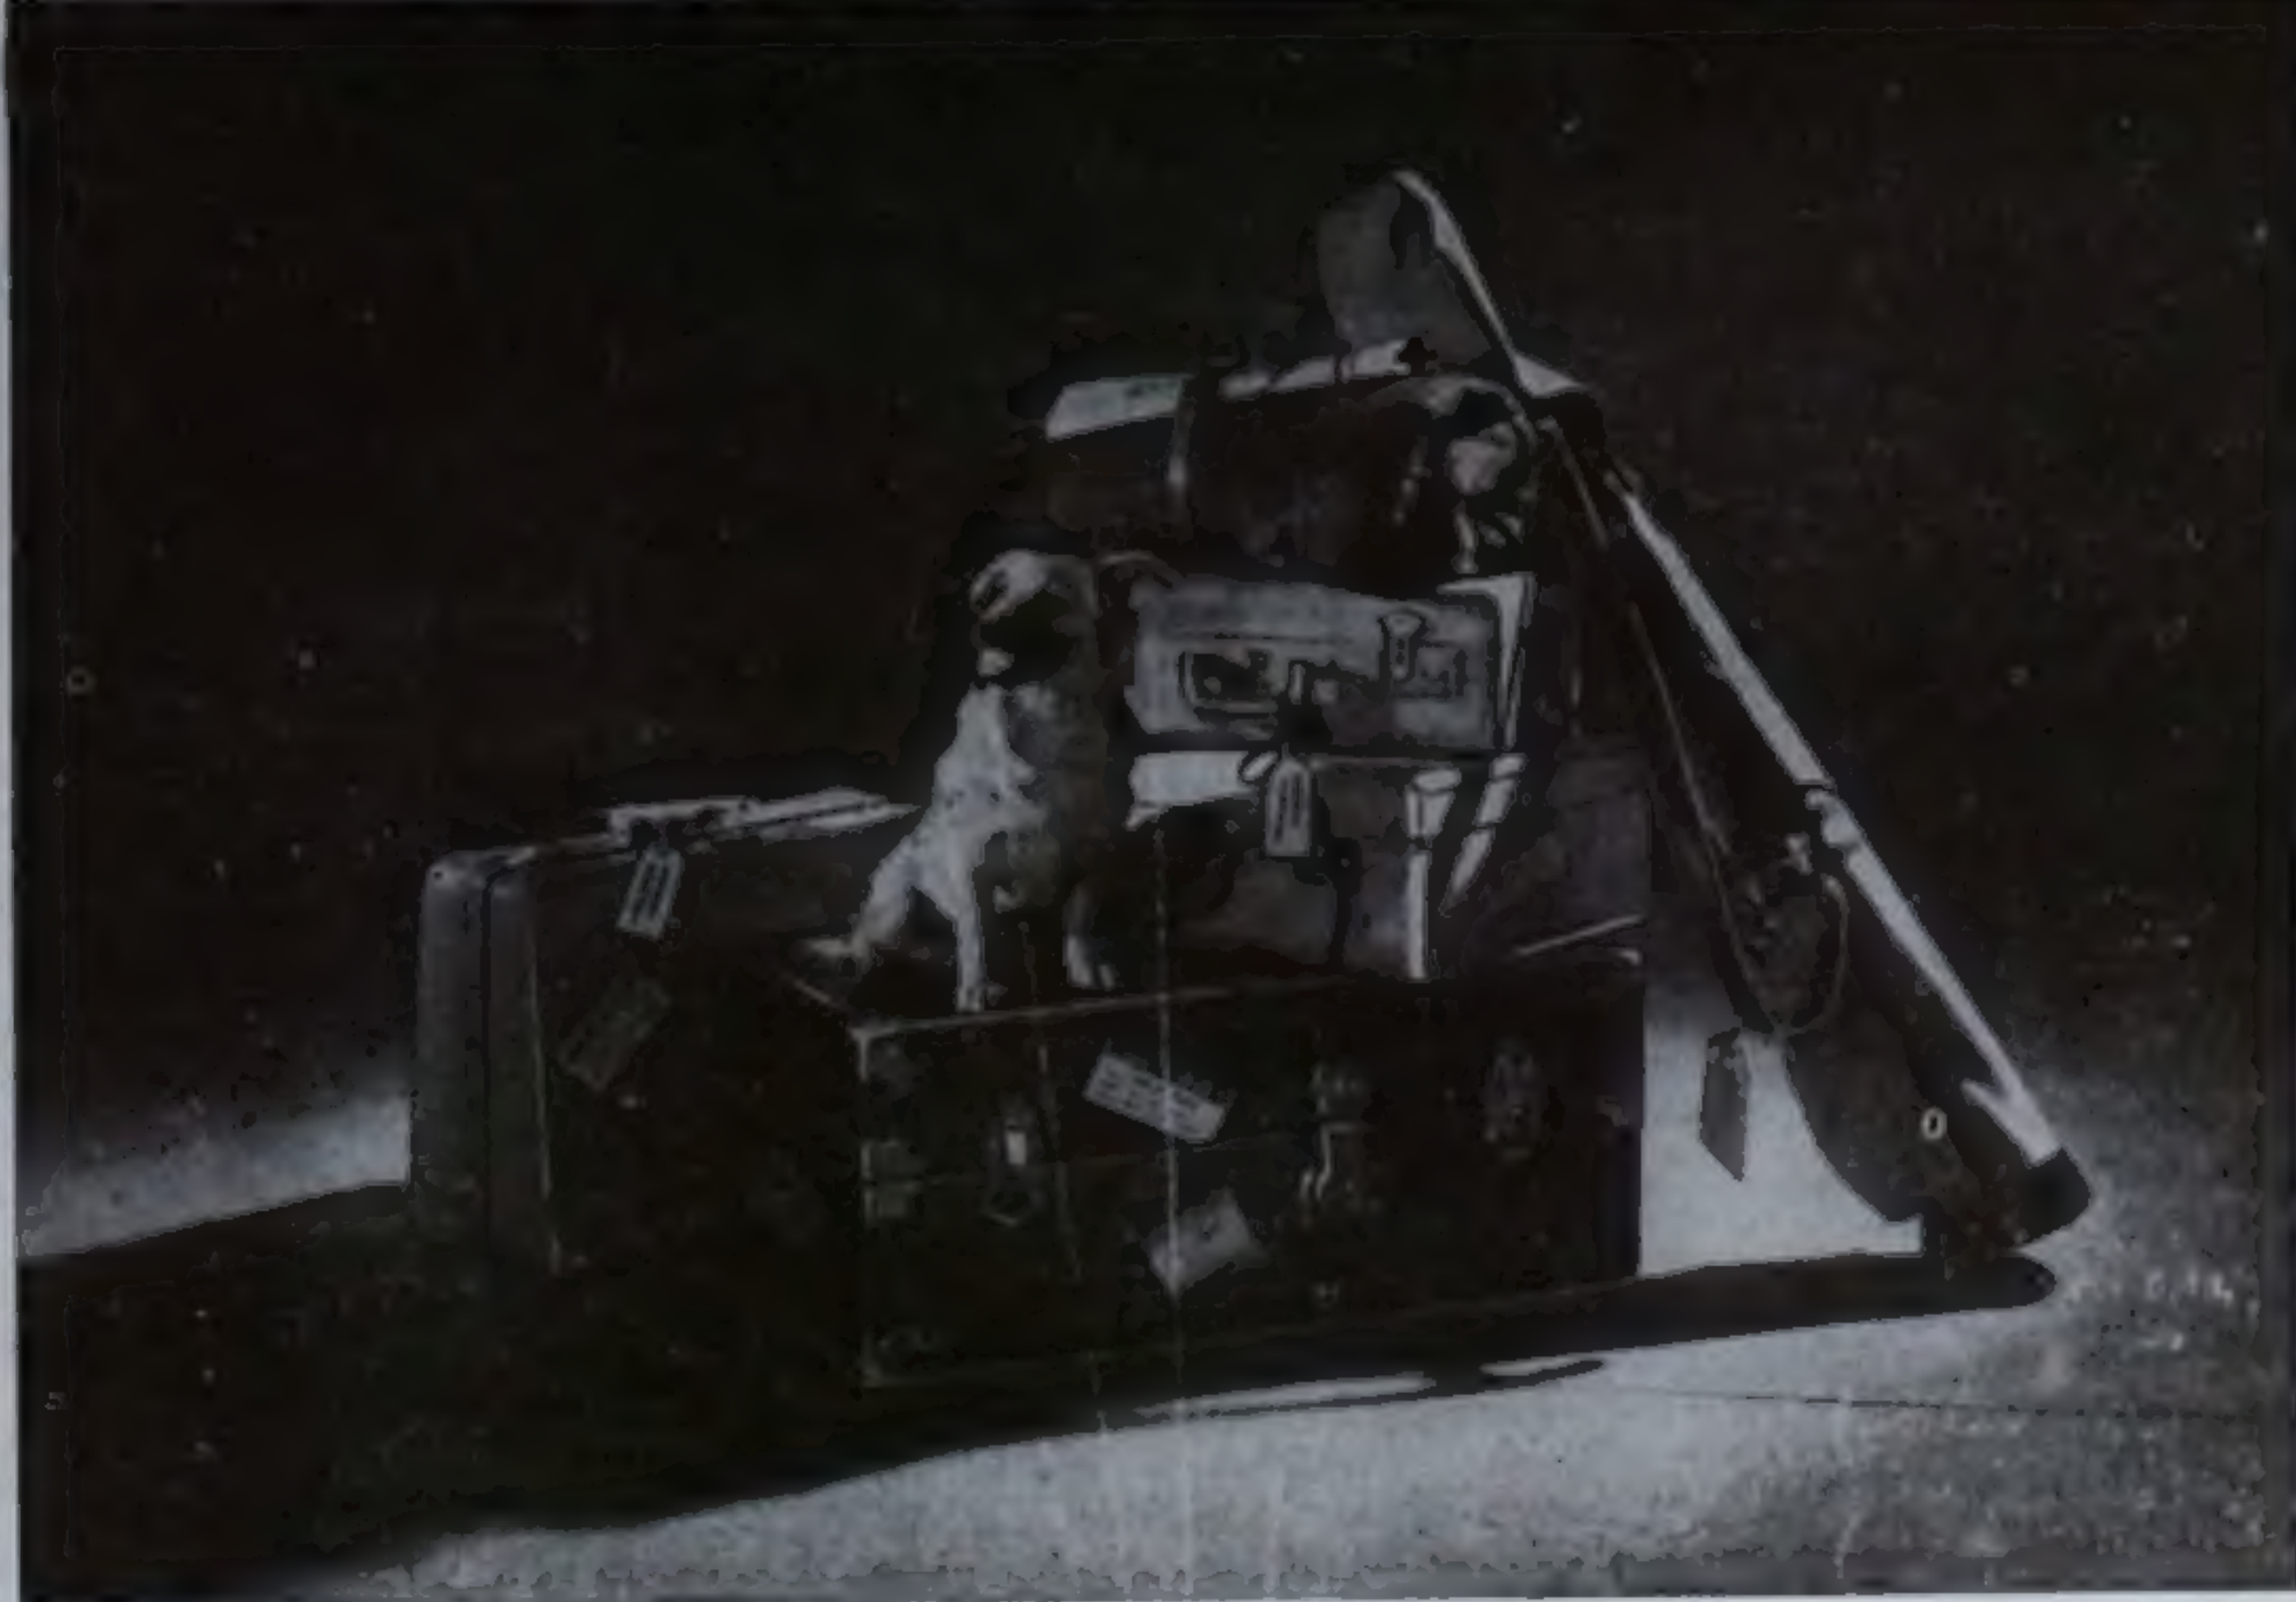

Chorus
You'll end all strife, all storms at sea
For you are Lord and King.
To thee, the world shall bend the knee
To thee, their homage bring.

Though storms still rage, on land and sea,
Your Might and Light give cheer.
Oh Lord o'er us thy presence be
We pray that you stay near.
Olive us not foaming seas nor tides,
But Living Waters pure.
Our souls, refreshed, our faith abides;
Through prayers our sick, you cure.

In sunny lands, your angels spread,
Midst thieves and selfish foes,
Such harvests rare and living bread
Our cup of joy o'erflows.
Upon your loving ones you send
The spirit's anointing oil.
O Lord, we cannot comprehend,
We pilgrims of the soil.

There is no secret thought, nor sin,
That any man can hide.
You see us all, without, within,
Oh Lord, be thou our guide.
Teach us the Laws of God and Thee
Not earthly wealth, we crave;
Expose the cant of Pharisee
Oh save us from their gra-e.

You've freed us from the Law of Death,
That dark mysterious night.
We fear not death, nor fleeting breath,
'Tis darkness, thence to light.
With You in Mansions for the blest,
With angels of our God.
We there shall find both joy and rest,
Forever more, praise God,
Geo. Colwell, Wallaceburg, Ont.

"... and someday, WE'LL take a trip!"

SOMEWHERE in the back of your mind, there's that urge to go places. Right now it must be filed under "Future" but it's part of us as Canadians to want to discover for ourselves what the rest of the world is like—to plan for that "some day," when we'll take a trip! That's why it must be part of our planning now, to make sure such pleasant things as trips are possible in the post-war world. And they'll be possible only if we fight against inflation—fight now to keep Canada's dollar worth a full dollar!

Why is NOW so important? Because NOW civilian goods are scarce, money is plentiful. NOW is the time we must guard against paying more than things are worth—against black markets—against buying more than we need, or goods we don't need!

NOW is the time we must support rationing and price controls!

Up to the present, we've kept our dollar sound. And we can continue to do so if we keep up a strong, steady fight against inflation!

If we fail in this fight, prices will rise. Wages will never quite catch up. Soon you'll pay, perhaps a dollar for a quarter's worth of goods! And that means your dollar is worth only a quarter! That's inflation.

And after inflation, comes depression. Depression means neither you nor anyone else in Canada will have trips. You'll be lucky if you have a job! So, for our own sakes, for the sake of returned men, for our children, let's never relax our struggle to keep Canada's dollar worth a full dollar!

Published by THE BREWING INDUSTRY (ONTARIO) to reveal the dangers of inflation.

Make this Pledge Today!

I pledge myself to do my part in fighting inflation:

By observing rationing and avoiding black markets in any shape or form.

By respecting price controls and other anti-inflation measures, and refraining from careless and unnecessary buying. I will not buy two where one will do, nor will I buy a "new" where an "old" will do.

By buying Victory Bonds and War Savings Stamps, supporting taxation and abiding by all such measures which will lower the cost of living and help keep prices at a normal level.

Hello Homemakers! Apples are too often overlooked as salad ingredients. In addition to the well-known Waldorf salad—diced apples, chopped celery, nuts and mayonnaise, they may be diced and mixed with raw grated carrots and raisins.

You might also try diced apples mixed with diced cantaloupe, sliced peaches and maraschino cherries, served on lettuce with French dressing.

For a party salad plate, cut a slice from the top of a large, rosy apple, core and scoop out the centre. Mix the centre with cream, cheese, celery, nuts and enough mayonnaise to moisten. Stuff the apple cavity with this mixture, cut the apple in sections part way down for easier eating, garnish with fluffy mayonnaise and parsley.

CABBAGE AND APPLE SLAW
1 banana, 1/4 cup French dressing, 1/2 cup sliced apples, 2 cups shredded green cabbage, 1/2 cup diced celery.

Slice the banana; drop immediately into the French dressing along with the apple slices—to avoid discoloration. Combine with remaining ingredients; toss with a fork until thoroughly mixed. If desired, serve this with cream mayonnaise.

APPLE DUMPLINGS

2 cups sifted cake flour, two-thirds tsp. salt, 2 tps. baking powder, 1/2 cup shortening, 1/2 cup milk & apples, 2 tps. brown sugar, 1/4 tsp. nutmeg, 1/2 cup peppermint candies, 2 tps. butter.

Sift flour, salt and baking powder together. Cut in shortening. Add milk to make a soft dough. Turn out on lightly floured board and roll one-eighth-inch thick. Cut into 4-inch squares. Peel and core apples and place one on each square. Mix brown sugar, nutmeg, and candies together. Fill centres of apples with sugar mixture and

dot with butter. Fill corners of dough squares up over apples and seal. Bake in an electric oven (375 degs.) 30 to 40 mins. or until apples are soft. Serve hot or cold with cream. Yield: 8 dumplings.

FRUIT WHIP

1 cup evaporated milk, 2 tps. lemon juice, 1 cup sweetened apple sauce.

Chill the milk thoroughly and whip until stiff. Add lemon juice and whip until very stiff. Fold in the cold apple sauce (which should be fairly thick). Serve cold. Fruit whip may be turned into freezing tray of electric refrigerator and frozen.

APPLE AND SALMON SALAD
2 tart apples, diced; 2 cups cooked, flaked salmon; 1 cup diced celery; 1/2 cup grated raw carrot; about 1/2 cup salad dressing. Mix the ingredients lightly together. Pile in nest of crisp lettuce. Note: Cold ham, veal or chicken may be substituted for the salmon.

Accident insurance usually covers all of the accidents except the one which happened to you.

A medico says many people die as a result of kissing. At least it's a pleasant form of passing out.

PLANING MILL

me, he said, which accounted for the small amount obtained by the safecrackers Friday night. Office books and records were strewn "all over the place" and considerably damaged by the thieves.

Entrance to the office was gained through breaking a back window, Mr. Johnson said, and the noise of passing trains apparently accounted for residents of the area and a nearby crowing watchman not hearing culprits.

CANNOT ENFORCE

payer in the township, after which a date for a hearing will be set by the Municipal Board and they will sit in Grimsby to hear complaints against the ratification of the by-law, if any.

This procedure will take some considerable time and during the interim and brick company can go ahead and build their plant without a permit and private individuals can do likewise with any type of new building. When the final ratification is given the bylaw it will have no bearing on what construction work has taken place in the meantime.

ELECTRONICS ARE

"Bob" at present is President of the Radio Electronic Technicians Association for the Hamilton dis-

trict. He has had a vast and varied career on electrical work of all kinds and previous to taking charge of the repair and servicing department of the Grimsby Electrical Shop was on the inspection staff of the Westinghouse factory. For one year he was chief inspector for the company, working for the Department of Munitions and Supply, on the installation of Radar equipment at various points in Canada.

If your radio refuses to radiate, or your washing machine refuses to wash, take them to the Grimsby Electrical Shop and "Bob" will put them in first class operating order.

WEIGHT LIMIT

port regulations besides limiting the weight to five pounds also stipulate that not more than two pounds of any one food be included, gifts may not be sent more than once a month, dutiable articles are subject to the usual customs charges and gifts must be unsolicited and clearly marked as gifts. Added to these restrictions is the fact that overweight articles are subject to confiscation in Britain.

Mr. Bromley stressed the point that so long as conditions in the old land remain as they are at present this five pound limitation is likely to be maintained but just as soon as the British authorities

see fit to lift it the Canadian postal department will be glad to accept parcels for Britain up to the normal weight limit of 20 pounds.

"TOKE" FAIR

over here in Holland, trying to figure out these Dutch papers, and about all I can figure out is its name and the date it is published. THANKS A LOT.

As this letter goes to press, I can't say just exactly when I will be able to walk in and say Hello Bones but I hope it won't be too long. It won't be any longer than five months. They are to have more boats in December, but if that means we will be home for Christmas is hard to say. I guess the best thing to do is to be patient and it will all come out in the Grimsby Independent.

At the present time they are forming a hockey team in the regiment, and from all sides, I have a pretty good chance to make the defence position. Tipping the scales at a mere 207 lbs.

We have had two practices so far. Last week in Amsterdam, and yesterday at The Hague. They both have artificial ice plants.

I suppose there is more of the local boys returning from the war. Naturally there will be some who will never return to Grimsby. To us fellows who are, or will be com-

YOUR VICTORY BONDS ARE JOB INSURANCE

NOTICE TO ALL HOG PRODUCERS IN LINCOLN COUNTY

HOG MARKETING SCHEME UNDER CONSIDERATION

A proposed Hog Marketing Scheme for Ontario, under the Farm Products Control Act, has been submitted to the Ontario Hog Producers Association.

Before the Board will consider recommending the scheme, it must be satisfied that a fair representation of the Hog Producers are in favour of its adoption. In order to obtain the recorded views of the Producers, a vote by ballot is being taken on the question.....

"ARE YOU IN FAVOUR OF THE PROPOSED ONTARIO HOG PRODUCERS MARKETING SCHEME BEING BROUGHT INTO FORCE IN ONTARIO?"

YOUR AGRICULTURAL REPRESENTATIVE

E. F. Neff

ALL HOG PRODUCERS ARE URGENTLY REQUESTED TO REGISTER, TO ATTEND THE MEETING IN THEIR AREA -- AND TO VOTE!

ONTARIO FARM PRODUCTS CONTROL BOARD

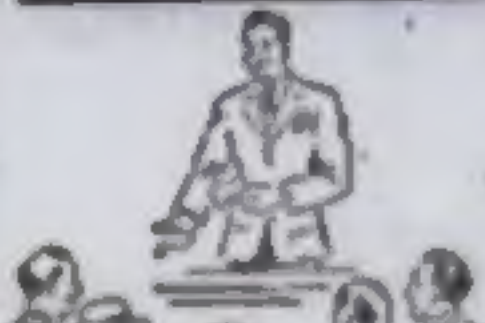

G. F. PERRO

ALL PRODUCERS MUST REGISTER

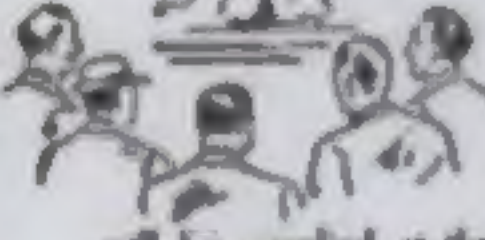

Only Hog Producers who are registered for the purpose with their own County Agricultural Representative will be entitled to vote on the scheme. All Hog Producers are therefore urged to register at once by mail or in person at their County Agricultural Representative's office in order to be eligible to vote.

PUBLIC MEETING TO BE HELD

at VICTORIA HALL, VINELAND THURSDAY, NOV. 15th at 1:30 p.m.

At this meeting the scheme will be explained fully and questions answered. Ballots will be supplied at the meeting to producers who have registered, so that they may vote then. Registrations will be accepted at the meeting and also for ten days after it. All producers who are registered will receive ballots, either at the Agricultural Representative's office, at the meeting or by mail. Copies of the proposed scheme may be secured at the Agricultural Representative's office or at the public meeting.

All ballots must be returned to the Agricultural Representative before December 8, 1945. Any Ballots received after that date will not be recorded.

ing back we owe them much, who made this world of ours and Grimsby, a better place to come home to.

So I will close now, and hope to see you one of these fine days.

As ever,

"Toke" Fair

COUNTY ROADS

the road department and the Home Board of Management for transfer of the property, building and maintaining the driveway, etc.

The special road committee reported that in an inspection of the road system on Oct. 5-6 it had found roads on the whole to be in good condition. Some patching remains to be done this year, and has been delayed only by bad weather.

Committee's recommendations on several projects were accepted. As soon as workmen finish jobs already started, they are to go to work on the approaches to the West Lincoln Memorial Hospital at Grimsby Beach. The project will cost about \$500 to grade, ditch and tile the road at this point. The Committee had met with Frank B. Sutherland, Bensenville, member of the Board of Governors of the hospital to discuss the work.

Construction has been started on a new concrete bridge across the

Twenty Creek about three miles east of St. Anna, but flooding has delayed completion of the job. It was decided to salvage materials already delivered to the site, and to resume construction next season.

Another bridge across the Twenty Creek, at Smithville, should be widened. Part of an old mill obstructs one of the approaches, and Heavey J. G. Pettigrew, South Grimsby, was delegated to investigate the cost of removal of the obstruction. The new Beaver Creek bridge in Caistor township has been completed and is a solid structure with a span of 24 feet, and a clear 24-foot roadway.

Purchase of a vibrator for setting fresh concrete, at a cost of \$400 was approved. It was agreed to turn in a 1938 three-ton truck on a new truck, at a net cost of \$1,000.

Some new planks for some of the county bridges were recommended. Work has been started on reducing and grading some bad curves on the county roads. Some places where complaints have been received about drainage off the road system were inspected during the tour.

Geneva street has been taken out of the county roads system, and has been absorbed by the Suburban Roads Commission, reported County Engineer F. E. Weir. The four-mile stretch which is not paved, will now be maintained jointly by the county, the city of St. Catharines and the province. The travel portion of the road is not wide enough for a suburban road but extra land has been purchased on each side by the county for widening. First work will be to widen the road, moving back poles and ditches. It is expected that the road will be paved with concrete.

Lake Ontario is becoming a serious problem, and council decided to consult County Solicitor H. M. Rogers as to where the responsibility rests in preventing further erosion, with the property owner, the municipality, the province or the federal government. Council also wants to know if the Municipal Act will permit a municipality to put a special assessment on property adjoining the lakefront, provided the land owner gives his consent.

Council decided to resume its annual bus trip to Toronto to see a hockey game on Nov. 25th.

The Victory Of Wright Brothers

In the early eighteen nineties a United States Commissioner of Patents turned down an application for a patent upon a flying machine, stating in his opinion in substance that "If there is one scientific fact proved above all others, it is that the age-long dream of man to fly in machines heavier than air never can be realized." A few years later, on December 17, 1903, the Wright brothers were flying at Kittyhawk, N.C. What had they done? Why, almost

nothing at all over what had gone before. Their contribution was merely the adjustment of a few angles, generally known as the air-lift control. Of course any mechanic could have done that. But no mechanic did. What the Wright brothers did resulted in realizing the age-long dream of man. It was the difference between flying in the air and standing on the ground dreaming about it.

This winter get easier starting, extra protection

"It's Alloyed"

Because it is free of harmful wax and has an exceptionally high V.I., Peerless gives easier starting in cold mornings and extra protection at running temperatures. Change NOW to Peerless Motor Oil at the sign of the big B-A.

Harvests Large Strawberry Crop

(From the Family Herald and Weekly Star)

Small fruits, once regarded as imported luxuries in southern Alberta, are now bringing farmers on irrigated lands in the Lethbridge territory tens of thousands of dollars annually. In spite of labor shortage last year, one Barnwell district farmer claimed he harvested and sold \$5,000 worth of strawberries from a patch only a little larger than two acres.

Many Books Read

The report of the librarian, H. L. Bentley, as presented to the Library Board at its meeting Thursday night showed 3,281 books taken out in September as against 3,091 in August. A motion was passed that the library be closed on Wednesdays. H. C. Johnson was appointed secretary-treasurer to take the place of J. B. McIntosh, who resigned because of ill-health.

Happy Phone Call

To talk with her husband, Lieut. J. B. McCausland, in London, England, over the phone Thursday, was the delightful experience of Mrs. McCausland, of Grimsby. This is the first such call to be completed for any one here. Lieut. McCausland has been overseas about three years and is with No. 5 C.A.D. Transit Corps, at present stationed in Holland.

BREVITIES

EVENTS and TOPICS of the WEEK in TABLOID

Bought your Victory Bond yet? Next Wednesday night is Halloween night.

Halloween Parade in Grimsby next Wednesday night.

Dymond's One Cent Sale this week. Get in on the bargains.

These are Pheasant hunting days. Yesterday, tomorrow and Saturday.

Deer hunters are trekking North. Jack Dawe whom the deer have feared for 50 years will not be with the boys this year.

Lincoln county Junior Farmers will hold a Halloween dance in the Masonic hall, Smithville, on the night of Tuesday, October 30th.

That excellent building lot at the corner of No. 8 Highway east and Nelles Road is being advertised for sale by tender, by North Grimsby council.

Farmers on the mountain top report that there are several deer roaming in the district. They are to be seen every day grazing in the fields and grassy areas.

North Grimsby council are going to crush 3,000 cubic yards of stone, at the top of the Woolverton mountain. Tenders are asked from contractors for the crushing of this stone.

Smithville Business Men's Association are financially backing a High School bugle band. I hope they get more music than Grimsby has received from the local High School band.

On or about Nov. 18th, H. B. "Short" Metcalfe will occupy the premises in The Independent building formerly occupied by the Grimsby Dairy, next door to The Independent.

74th annual plowing match of the Saltfleet branch of the Ontario Plowmen's Association, will be held on the farm of Elmer Hildreth, two miles east of Tapscott on Wednesday, November 7th. The general public are invited to attend and observe expert plowmen at work.

Half the motor cars in Ontario would be off the road if the standard of thinking in emergency were put too high. Crown Attorney E. H. Lancaster, declared in magistrates court. He was commenting on a question from Magistrate J. H. Campbell, as to whether a man who is not a quick thinker should not be barred from driving?

Mr. Elwood Comfort of Grimsby Beach, has received a communication from Col. C. L. Laurin, Director of Records, on behalf of the Minister of National Defense, congratulating him and the members of his family on the honour and distinction which has come to his son, Captain Maurice E. Comfort, through his being mentioned in Despatches in recognition of gallant and distinguished services. The King's Certificate in connection with this award will be forwarded in due course.

Obituary

WILLIAM A. LAYTON
 The death occurred at his home, 13 Robinson street north on Saturday, after a lingering illness of many months duration, of William Arnold Layton, husband of Mildred Schoteld Layton.

Deceased was born in Ireland and came to Grimsby, Texas with his family as a young lad. Early in life he took up theatricals and was well known as a character comedian. He was one of the last of the old rousers of the Show Boat era on the Ohio and Mississippi rivers, as well he had toured all over Canada and the United States in the show business.

He came to Grimsby to reside permanently about 15 years ago and retired from active show business about five years ago.

His wife is the sole survivor. Funeral services were conducted in St. Andrew's church by Rev. E.A. Brooks on Tuesday afternoon interment being in St. Andrew's churchyard.

Funeral bearers were: Frank Withman, Cecil Farrow, Norman Todd, Lorne McMane, Matthew Fisher and Wray Betts.

GEORGE T. HARTWELL
 In failing health for some months, George T. Hartwell, well known Grimsby resident, passed away at Hamilton hospital on Friday night last.

In his 81st year, deceased was born at Georgetown and came to Grimsby 32 years ago as district representative for the Singer Sewing Machine Co. He later went into the fruit business which he conducted until forced to retire by illness.

A great lover of flowers his beautiful garden at his home on Oak street was for many years the mecca of all flower lovers of the district.

He was a member of Trinity United church.

Surviving, besides his wife, are a daughter and son: Miss Marion Hartwell, at home, and Lewis R. Hartwell, Hamilton druggist. He also leaves two sisters: Mrs. Elizabeth Woodhall, Winnipeg, and Mrs. Charles Coutts, Clarendon, Alberta.

Funeral services were held at his home on Monday afternoon, Nov. 5, J. Watt, officiating. Interment was in Queen's Lawn cemetery.

Funeral bearers were: Alfred LeFevre, Jack Newton, Jas. Baker, Harold Fickett, Lloyd Pettit and Jack MacDougall.

JAMES SMITH

A resident of Grimsby for 36 years, there passed away at his home in Stoney Creek on Monday, James Smith, in his 92nd year.

Deceased was well known throughout this whole district. He came to Grimsby in 1875 from his native birth in the Orkney Islands and for 35 years operated a dairy and supplied Grimsby and district with milk, from what was known as the Calder farm on top of the mountain. He retired from this business in 1910 and moved to Stoney Creek to reside in 1911.

Mr. Smith was a past chief ranger of the Canadian Order of Foresters, of which he was a charter member, and in religion was a devout Presbyterian. Since making his home in Stoney Creek he had been a zealous worker in behalf of the congregation of the Cheyne Presbyterian Church and serving as superintendent of the Sunday school. At the time of his demise he was clerk of the church session. He also took an active interest in the affairs of the village for many years and in other ways became well and favourably known throughout the district.

Predeceased by his wife, the former Elizabeth Gunn, 14 years ago he is survived by three sons, William and John, of Stoney Creek, and Norman, of Hamilton; two daughters, Mrs. Frank Johnston Toronto, and Miss Edna Smith, at home, and brother in Manitoba and three brothers in England.

The funeral was held from his late residence on Wednesday at 3:30 p.m., interment being in Queen's Lawn Cemetery, Grimsby.

Coming Events

Notices under this heading will be charged at the rate of 30 cents for 30 words or less. Over 30 words 1 cent per word.

Marjorie's Marionettes presented by United Church Evening Auxiliary, Trinity Hall, Thursday, Nov. 1st, 4.15 and 8 p.m. admission adults 25c, Children 10c.

SPORTOLOGY

(By Bones Livingston, Sportologist)

MIDNIGHT MEANDERINGS—JOHNNY VOOGES, the one and only SHONNY is back bowling again after a years absence, doctors' orders. Johnny is the only one-legged bowler in the district, that has two legs. And he is a good bowler too. . . . **FREDDY SIMS** has a bum hand injured while at work. That's the reason that records are not being topped. . . . **JIM SHACKLETON** the whirlwind secretary of the MEN'S league has finished up his annual session of "robbing" the fruit grower, and now that laborers are not so strenuous, look out for some heavy scoring. . . . **LITTLE WHIZZER** was an artilleryman in the last war. Big POP MACARTNEY was an artilleryman in this war. The difference between the two of them is, that in the first war horses pulled the guns, in this war POP carried them. . . . The way that **LITTLE MARY NORTON** continues to roll up high scores it is going to take more than an ordinary bowler to topple her off the all-round championship pedestal. Last week she rolled a high single of 310 and her three games were 232-263-310 for the high triple of 745. **DORIS McBRIDE** was doing some fancy trundling too, but not good enough to catch MARY. 211-237-253 for 701 was the best DORIS could do. . . . some of these **QUEEN'S** teams are bowling far better total game scores than a lot of men teams are rolling. Several teams are right around the 2500 mark with some teams well over the 2700 mark. . . . **VICTORY** team has finally come to life. They won two from the **VEDETTE** team the other night. Four of the girls bowled well over 500 with **PHYLLIS DUFFIELD** setting the pace with 667. . . . Wonders will never cease, not so far as **THE BOULEVARD** team is concerned, anyway. Monday night somebody gave the **BOULEVARD** team a shot of sulphapencilian-marijuana and lo and behold they rolled up a total score of 3011 to take the **WEST END** 3-1. Can you visualize **WEE WILLIE HEWSON** rolling 202-212-291 for 705, and more amazing still was the **VILLAGE BUNKER** trundling a 693 with his high game 302. Marcy ma. . . . **PIN TWISTERS** keep on winning, they took the **PONY EXPRESS** 3-1, but at that only had a total point lead of 53. . . . **EDDIE SIMMONS** of the **IRON DUKES** had three nice games with 217-233-217 for 667. . . . The **KING of KAISTOR** and his red hot **GAS HOUSE** team certainly run lose like a lot of wild bulls Monday night. Playing against the rejuvenated **FIREMEN** they set up a total three game score of 3368. **GAS RAHN** trundled 304-224-240 for 768 and was closely followed by **THE LITTLE SHOEMAKER** who tallied 300-236-201 for a 737, and all the rest of the outfit were keeling right in the 500 groove. Don't get the idea that the **FIRE LADDIES** were not doing some pinpointing too. Four of the players rolled 572-604-540-665. Their three game total was a record for them at 2619. For the **GAS HOUSE**, six men playing 15 games rolled 10 games over 300. Why even **ERNE BUCKENHAM** had a 390. But brother when the crash comes the gas supply will be off for a week. . . . Just don't do too much sneezing at the **PONY EXPRESS** outfit. Last week they had a 3036 to trim up the **WEST END** 3-1. **JIMMY FALLOON** had a 746. Just wait until **BUFFALO BILL ALLAN** gets back in the middle. . . . **OLIVER SHAW'S** **BLACK TABBIES** lost another life last week when **GAS HOUSE** beat them 3-1. Living retired is not conducive to good bowling. . . . **HEP CATS** came to life and took four points off the **IRON DUKES**. Well, can you believe it. **BUTCHERS** took the **PIN TWISTERS** 3-1, with **WILLIE FISHER** rolling 233-321-290 for a 843, followed by **HAROLD JARVIS** with 305-301-293 for a 799. Then up pops **JOHNNY VOOGES** with 519. Good boy **JOHNNY**. . . . With **BROCK SNYDER** back in the line-up **PEACH KINGS** broke even with the **BARBERS**. . . . Whang, Whang, up and at 'em men, shouted **ADMIRAL NORMAN** and the bold had **PIRATES** spring to their battle stations and tied three huge knots in the tails of the **BLACK CATS**. And were those **BRIGANDS** hot. Take a look at the score sheet—760—642—513—636—for a total of 2909. That 760 belongs to **LITTLE WHIZZER**. Don't run away with the idea that the **TABBIES** were outclassed, despite the fact that they were without the services of their great battle tactician **OLIVER DUNCAN SHAW**. They had 633—709—678—632—500 for a grand total of 3111. . . . **GENERALS** and **MON-**

ARCHES split even on the night and only five points separated the two teams on total goals, with **BUD WILSON** rolling a 783. . . . **HEP CATS** led by **ARCHIE LEVINE** and his handle-bar moustache took 4 points from the **COUNTER JUMPERS**. Not a man on the **HOPPERS** bowled higher than 463. Better take a few lessons from some of the **PEACH QUEENS**. . . . **LITTLE WHIZZER** expects a big shipment of deer meat from the North by the end of the week, brought to earth by the trusty flintlock of President **MERT ZIMMERMAN**. . . . That admits of the algeys is not bowling for the next couple of weeks, he is too busy selling Victory Bonds. He's **NORM HARRIS** to you. . . . Bought your bond yet? Better DO IT NOW.

Food For Thought

A skeptic once derided a Christian man by asking him: "Say George, what would you say if when you die you found there wasn't such a place as heaven at all?"

With a smile the believer replied: "I should say—well, I've had a fine time getting there anyway!" Then the Christian sent a booming back to the skeptic not quite so easy to answer.

"I say, Fred," he asked, "what would you say if, when you die, you found there was such a place as hell after all?"

NO NEED to tell him how eager we are to welcome him back.

NO NEED to remind him that Canada's plans for his welfare are as far-reaching and generous as any in the world.

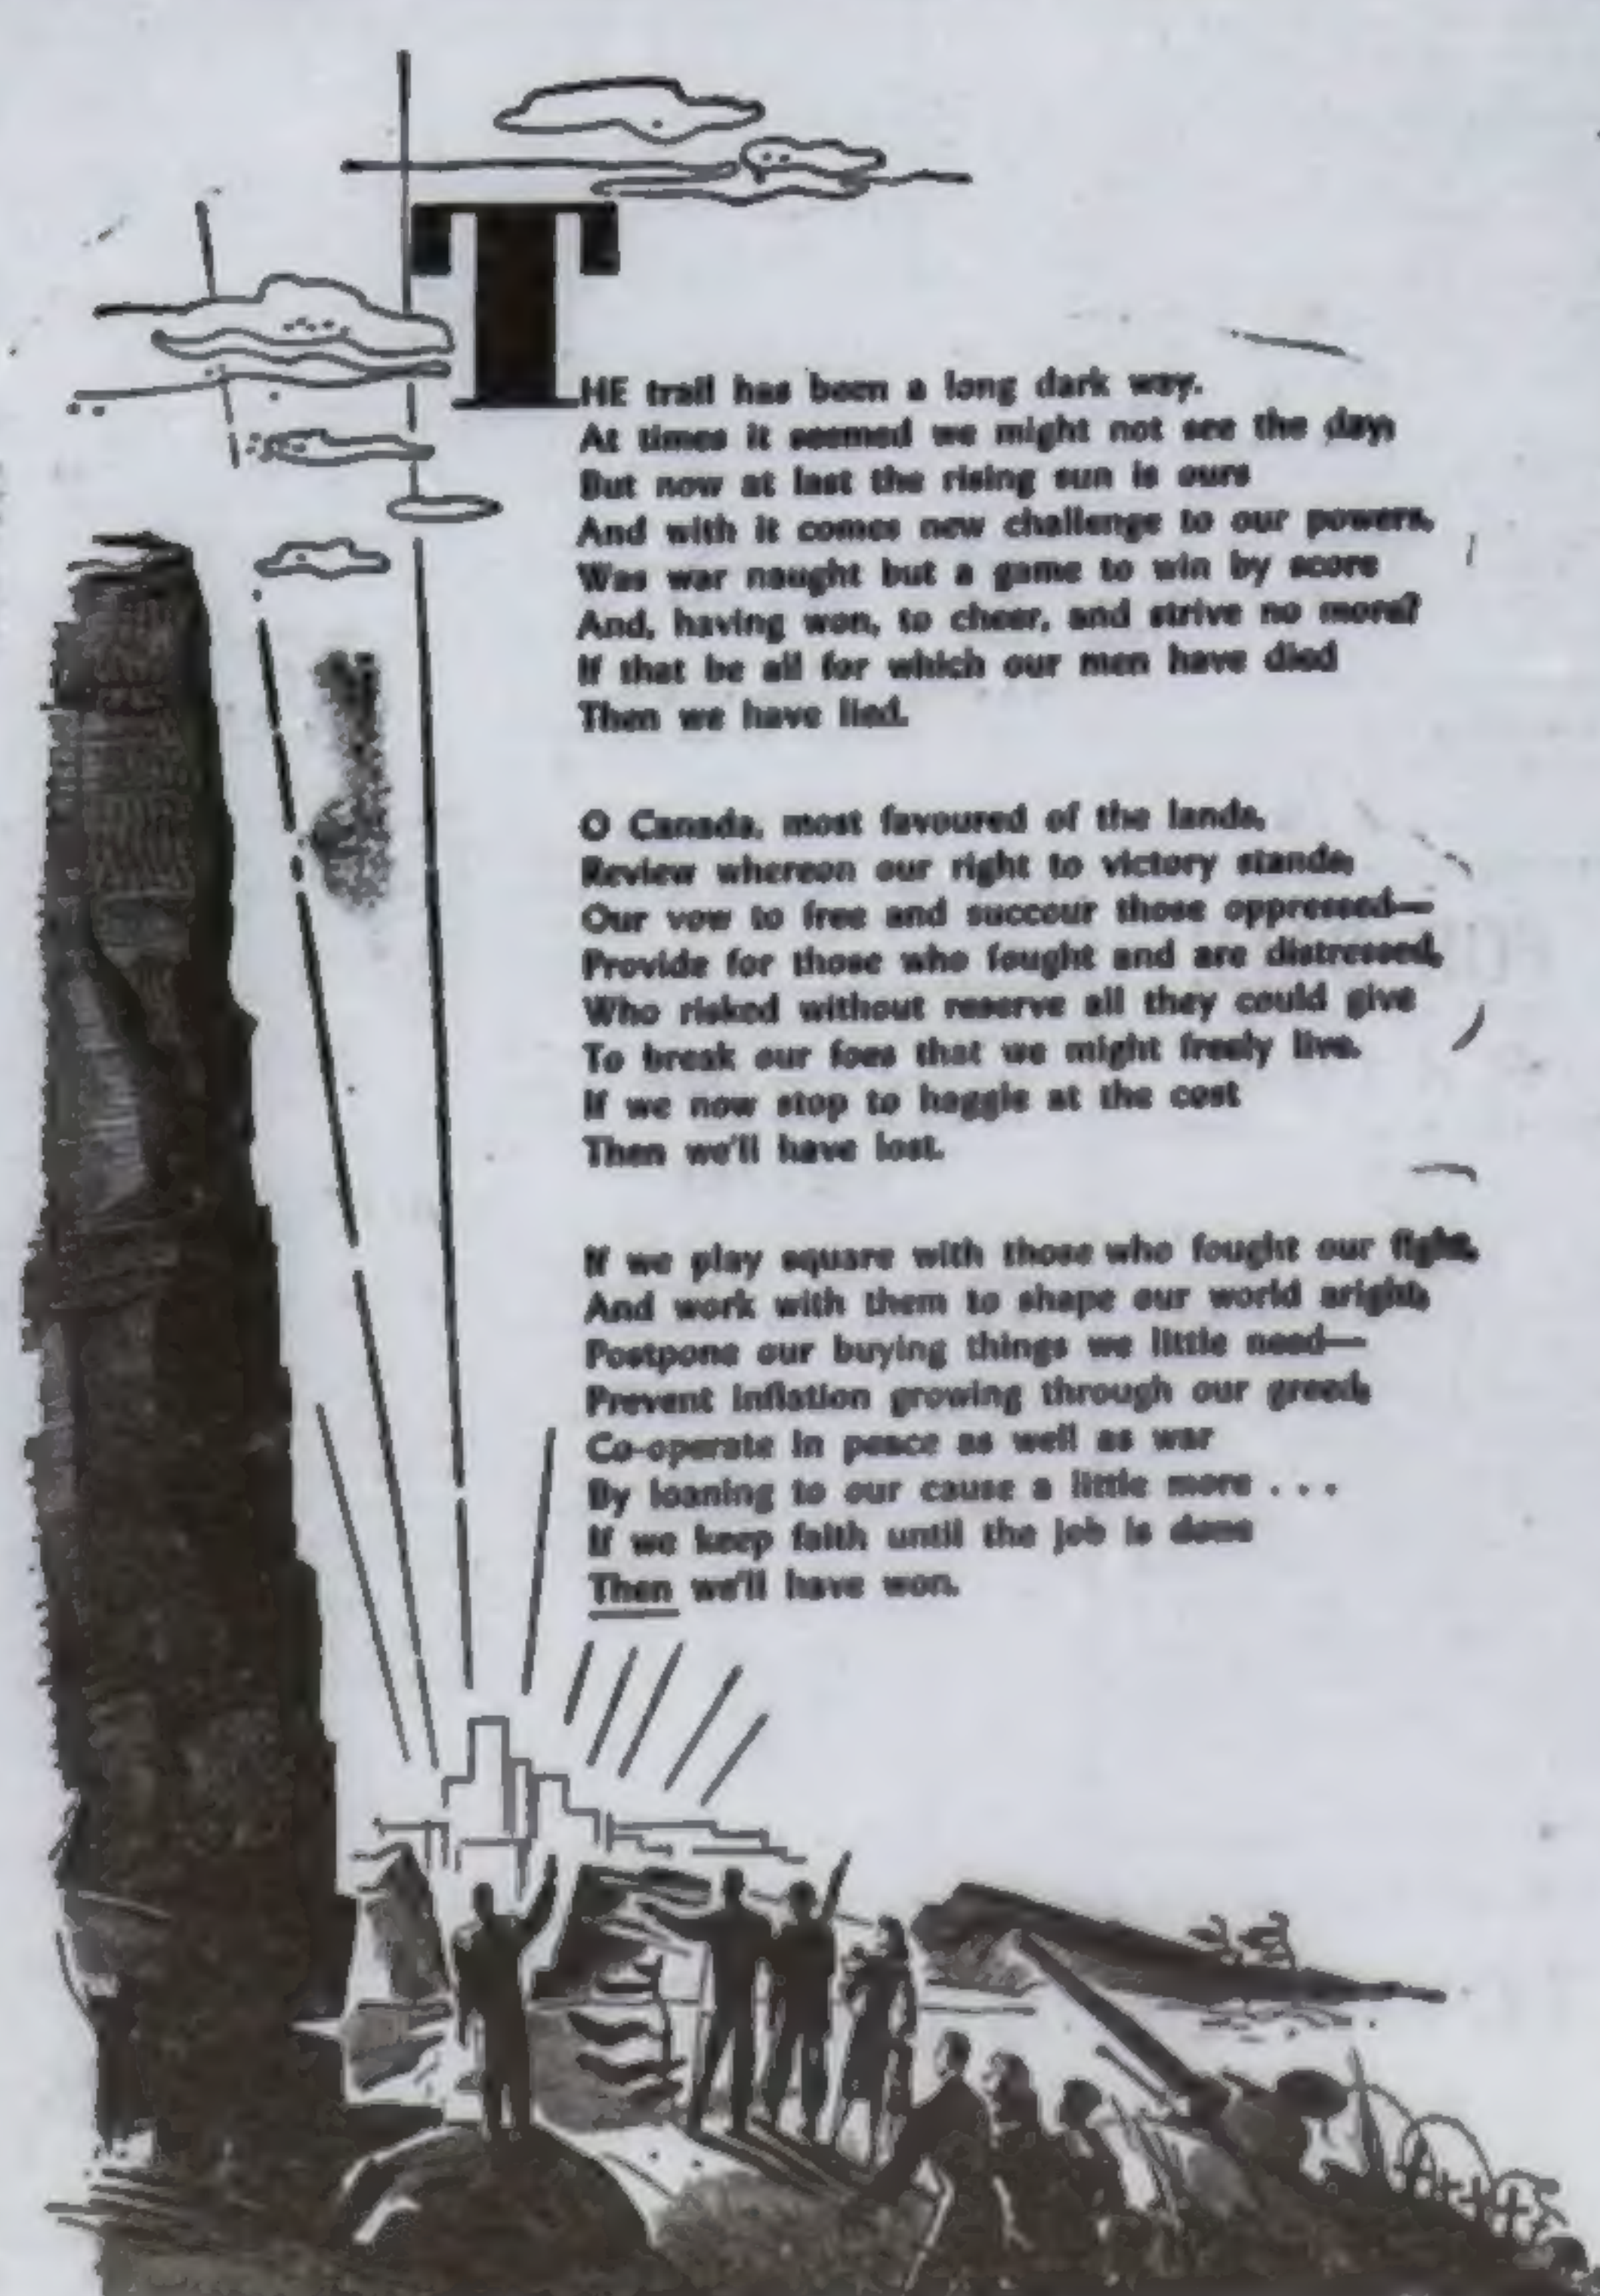

BUT THERE IS NEED to prove that now, with the life-and-death struggle ended, we are as determined and wholehearted as ever in our resolve to give him the best break in the world.

HE WILL BE WATCHING the outcome of this Ninth Loan Drive. He knows that on it depends the success of our plans for his rehabilitation and employment.

There can be only one answer. And that is the overwhelming support, by every Canadian, of Canada's Greatest Victory Loan.

MORE CREAM MORE PROFIT

With the No. 9
**MASSEY-HARRIS
QUALITY-BUILT
SEPARATOR**

Join the army of thousands of farmers who are getting more cream—more profit—from their cows by using the Massey-Harris No. 9 Cream Separator. Quality-built from floor to supply can, the Massey-Harris No. 9 is famous for its close-skimming performance tested to .02 of 1% efficiency. Its easy operation and special low prices make the No. 9 outstanding value.

Famous Massey-Harris Film Flow Bowl with six-point distribution gets all the cream.

SERVICEMEN

In June of 1942 and very shortly after going overseas. In England he was transferred to the Queen's Own Rifles and served all through the European campaign with that outfit. He was badly jammed up in Holland when he was caught between two Bren guns and suffered injuries. His brother "Bert" is still on duty in Holland and another brother Art is with the navy.

BEAMSVILLE WOMEN

sheets, 13; blue baby blankets, 7; squares (20"x30"), 2; ice bags, 12; baby bottles, 2; gauze (pkg.), 1; cakes of soap, 20; sheets, 1; pillow cases, 7; rubber sheets, 2; tea towels, 5; bath towels, 5; pot holders, 3; wash cloths, 5; tray cloths, 2; huck towels, 1 pr.; face masks, 73; sheets, 85; pillow cases, 72; bed pads, 45; bath towels, 102; bed pan covers, 48; hot water bottle covers, 50; knitted face cloths, 50; T bandages, 24; surgical towels, 144; hospital gowns, 48; soap, 24; tooth brushes, 48; kidney basins, 24; thermometers, 24; hot water bottles, 24; pads, 24; bed pans, 24; blankets, 22; pairs of blankets, 6; salts and peppers, 24.

SMITHVILLE MAKE

completed and the detail and thought put into the planning, building and decorating.

A group of County Council members were present and were particularly interested in the sterilizing room and equipment supplied by the County Council. Sponsoring this heavy item of expense and the interest taken by the County Council has played a big part in bringing this job to its present favourable position.

The final stage of cleaning up odd jobs and assembling equipment has now been reached which is a problem in itself as Hospital equipment has been in very heavy demand to provide for the sick and wounded troops from overseas, and while new civilian hospitals have had a high priority, the army has of necessity had first call.

Groups of people are daily visiting the hospital during the week and on request the doors opened on Sunday.

CHILDREN'S AID

merchants and general public. The results of United Welfare Drives in municipalities similar to St. Catharines such as Kingston and Sault Ste Marie have gone over in an overwhelming way with the satisfaction of all interested agencies and especially the industries who welcomed the single approach. The organization of a United Welfare Drive can be accomplished with the co-operation of all welfare organizations, headed by a responsible board of citizens. The only hope for the survival of the social agency is through co-operative enterprise. There has been a misunderstanding about the financing of the Children's Aid Society with the common belief that it is financed entirely by the Government. It has also been commonly misunderstood that family allowances would mean that there would no longer be any necessity for an appeal. The family allowance received for any child in care will be regarded as a trust fund only for that child. It will still be necessary to appeal to the public for funds to carry on the work of investigation and supervision, of families in the community. The cost of adoption supervision, and work with the unmarried mother and child has to be met entirely outside of public funds. The municipality has not only the financial obligation of caring for approximately one-third of the children in the care of the Society.

The Board of Directors will discuss Mr. Bury's recommendation at their next meeting.

Miss Estelle Cuffe led a discussion period on the methods of financing. The expenses of operation have been going upwards throughout the Province, especially in heavily industrialized areas, and there is every indication that this trend will continue.

6700 ENLISTMENTS

in regard to rehabilitation matters. Distribution of Christmas parcels assistance with dependents allowances, domestic problems housing, employment, legal matters and various other subjects relating to the committee's work in rehabilitation were reviewed in the report.

The supervisor thanked the various members of the committee, and made particular reference to the "enormous amount of work" performed by Chairman Woodward.

In his annual report Chairman Woodward referred to the excellent work performed by Chairman John House and the reception committee and he also paid tribute to the assistance of the Transport section of the Canadian Red Cross Society.

The chairman said: Veteran rehabilitation must necessarily remain incomplete until satisfactory employment has been secured. Up to the present time, I am glad to be able to say that no

marked difficulty has been experienced in this respect, although re-employment has naturally been somewhat slower since V-J day. Employers have been most co-operative with the Committee, and I am sure that their continued co-operation is assured. Nevertheless, it should be recognized that the rapidity of veteran re-employment is almost entirely dependent upon the general level of business conditions, and that level is in turn dependent upon conditions over which a County Committee such as this has virtually no control. Our system of private enterprise, combining as it does both employer and employee, must, with the assistance of governmental authorities, prove itself capable of providing satisfactory employment or it will have failed in the performance of its fundamental duty to the veteran. Only by the utmost co-operation between employer and employee can the desired end be achieved.

An old-timer is the one who can recall when the only social security considered was membership in the country club.

A Message TO FARMERS from a Farmer

H. H. Hannam is President and Managing Director of the Canadian Federation of Agriculture. In a message addressed to farmers, Mr. Hannam says:

"The farmer who is wise will look ahead and plan carefully.

"And in these years when prices and returns are more satisfactory than they have been, when labor is scarce, when farm machinery is restricted, when building materials are not readily available, a good course to follow would be that of putting a substantial share of the year's earnings into sound securities such as Victory Bonds. These reserves will not only provide a measure of insurance against difficulties in less favorable years, but at such time when supplies are favorable and costs will probably be lower, their purchasing power will be greater and return from them correspondingly increased.

"We believe this is good planning from the farmer's standpoint. At the same time, it is the very best of planning from the standpoint of the Nation."

FARMERS CAN BUY VICTORY BONDS

Americans Bypass Lincoln Cattle

Reason Is Because The Herds Are Not In A Tuberculin-Free Restricted Area.

A tuberculin-free restricted area for cattle in Lincoln County was sought last week by Lincoln County Council. Council authorized its agricultural committee to take steps to apply to the federal government to set up the county as a T.R. restricted area.

Early in the war, petitions were sufficiently signed by owners of cows in the county to satisfy the government that they desired restrictions. However, war shortage of veterinarians to make the tests and inspections, and shortage of funds with which to compensate owners of infected cattle caused postponement of any action.

Reeve Leslie Lymburner, Caistor Township, chairman of the Agricultural committee, explained that the result to the milk consumer would be the assurance that he was buying milk free of tuberculous germs. While all milk is now supposed to be pasteurized under provincial law, Mr. Lymburner said he suspected that some milk is still sold that has not been pasteurized, due to shortage of help.

Other members of council said that Americans are now in Canada buying cattle for their herds. Afraid that a cow bought in Lincoln may develop tuberculosis which does not show up at the time of the purchase, they often by-pass this county in favor of restricted areas. Thus farmers in Lincoln are losing a potential market.

Lincoln is now surrounded by other counties which are restricted areas, he said. While many dairy farmers in the county have had their herds tested at their own expense, their cows may wander off into another farmer's field where the cows have not been tested. One member of the council said this had happened in his case, and some of his cattle had become infected from mingling with the non-tested herds.

If Lincoln becomes a restricted area, veterinarians will systematically give a blood test to every cow. The test is similar to the tuberculin skin test given to humans. If the cow shows a positive test, the veterinarian will have it removed to the slaughter-house. The farmer will be paid about two-thirds of its value estimated by the veterinarian. In addition, the farmer would receive payment for any meat sold from the parts of the carcass not affected by the disease. Dairymen on the council said the cow usually contracts the disease in the lungs, and frequently the tuberculosis has not spread beyond that point so that the rest of the carcass is all right for human consumption.

In a restricted area, cleanliness around stables will be a necessity. Concrete floors must be installed, said Reeve Lymburner. While this

REAL ESTATE

Mrs. English has sold the house and lot at 41 Fairview Ave. which she purchased last spring, to Mr. R. C. Potter of North Grimsby. C. J. DelePante put through the deal.

may bring some expense to the farmer, it will react to his benefit since his herd will not suffer loss through tuberculosis.

The county council last week passed another resolution—supporting the petition of the Suburban Roads Commission which had asked the Federal Department of Transport to pave the road on the Ontario St. highway where it crosses the dewatered third Welland Canal. Council also authorized payment of the \$100 grant to the Clinton and Louth Agricultural Society for its fall fair. While the fair was raised out on its second day, the society had incurred expenses of organizing the fair and paying prize money for its first day.

Boy Scouts

Patrol leaders Donald, John, Dick and Bernard led their patrols in perfect Scouting Monday evening. After flag break at 7:15 p.m. the patrols were instructed by their troop leader Leon Bessner to study Scout laws while in their corners.

To ascertain their knowledge in laws, the officers visited each patrol and tested each Scout.

The games played were mines and submarines, hang the bear, and chain tag.

At the Closing Circle, Apple Day prizes were given out. R. Farrell winning the prize for poster. Allen Baisley the prize for most money in can. C. Schwab and D. Robertson prizes for best decorated basket. Dean Wilson won the prize for the most efficient Scout on duty during Apple Day. Apple Day proceeds amounted to \$180.07.

Parents and friends are again reminded of the Parents' Night for Scouts and Cubs on Friday evening, November 2nd, at 7 p.m. at the High School. Plan now to attend and see the boys at work and play. You will enjoy the good time and also encourage the Cubs and Scouts in their work.

Cubbing

Senior Sixer Dean Wilson led the pack in his final Grand Howl at last week's meeting. It was the night when the Wolf Cubs finished their play in the Jungle and advanced to the Troop. The Boy Scouts with their Scoutmaster, J. W. Baker were present to receive the following: Dean Wilson, Chris Wade, David Ray, Hatter and Marvin Robertson. The boys were welcomed by the Scoutmaster and presented with a book outlining their first steps in Scouting. At the conclusion, they took their place in the Scout shoes.

Peter Bromley was presented with his first star and also the prize for being the best salesman on the recent Apple Day. Peter was also presented to the boys who had the best decorated baskets. The Troop and the Pack will to

thank the Citizens of Grimsby for making their Apple Day such a success. A camp-fire sing song brought the meeting to a close.

Cop Conditions In Ontario

Peaches — Estimated 1945 production of 833,300 bushels, or 29% decrease from 1944, is the same as reported last month. Sizing has been very good with fair colour. However, Peach Moth infestation has been increasingly heavy in Niagara and Elgin districts as later varieties are harvested. Some loss also occurred due to "drop" of Elberta on account of wind and rain. Owing to restricted inspection staff and other administrative factors, adequate control of off-grade fruit destined to Ontario points has been most difficult.

Pears — Total estimate is unchanged since last report of 87% decrease from 1944 yield or a total of only 47,330 bushels, as compared with 366,275 bushels last year. In Niagara and Burlington districts Paylla injury and some Fire Blight is apparent in many orchards, with other areas reporting trees and foliage in good condition.

Plums — No change is reported in total crop estimate since last month—namely 29,785 bushels, or 80% decrease from 1944. Sizing of existing fruit has been good, but some russeting and Curculio damage is apparent.

Grapes — Due to somewhat improved showing of Red and Blue varieties a slight increase in estimate since last month places expected total at 32,700 tons, or 14% better than 1944 yield. Vineyards are generally in good condition, and recent rains have been beneficial for development of later varieties. Some mildew is apparent in susceptible varieties and slight Grape Berry Moth damage in a few vineyards. Some export to U.S.A. is in prospect.

Will Prohibit All Covered Baskets

(Hamilton Spectator)

Fruit growers using loose coverings on baskets of fruit "have been getting away with murder," Alderman Robert E. Elliott, chairman of the Property and License Committee, stated last night when committee members discussed the problem of covered fruit offered for sale on the market. He declared scores of citizens had been "kipped" in purchasing peaches on the market this summer.

"When they get the basket home and take the cover off they find inferior fruit," Alderman Elliott said, expressing belief some producers should have been prosecuted.

Alderman Helen Anderson moved and the committee agreed that the city solicitor, A. J. Polson, prepare a by-law prohibiting the sale of fruit in covered baskets on the market.

The question of loose coverings was brought up at the committee some time ago but it was understood at that time federal regulations prohibited any step contemplated to ban the basket coverings.

More recent information revealed, however, that a civic by-law could be passed prohibiting the covering of fruit and the committee decided it in the public interest to prepare and enforce such a by-law.
